- *The report dated January 19, 2018, "Summary of Bank account Balances for Puerto Rico Governmental Instrumentalities As of December 31 2017," (the "Bank Account Balance Report") disclosed the balance of Other Puerto Rico Treasury Custody Accounts of \$580 million as of December 31, 2017. This balance was further segmented into \$374M in pension-related funds (Employee Withholdings and Pay-Go Charges), \$142M in Central Government non-TSA funds (lottery-related funds and other funds held and administered by central government agencies), and \$64M held TSA Sweep Accounts that collect income and completely pass through to TSA on a daily basis (includes General Collections Posts, Agency Collections Posts, and SUT). As further set forth in the Bank Account Balance Report, processes are currently in place to continue evaluating the accounts, including analyzing the cash inflows and outflows and reviewing legal restrictions relative to funds deposited into the bank accounts.*

Glossary

Term	Definition
AACA	Automobile Accident Compensation Administration, or Administración de Compensaciones por Accidentes de Automóviles, is a component unit of the Commonwealth of Puerto Rico.
Act 154	Act 154 means Act No. 154-2010, which, inter alia, imposes a temporary excise tax on the acquisition by multinationals of certain property manufactured or produced in whole or in part in Puerto Rico and on the acquisition of certain manufacturing services carried out in Puerto Rico. The Act 154 temporary excise tax expires on December 31, 2027.
AFI/RBC	Infrastructure Financing Authority.
Agency Collections	Collections made by central government agencies at collection posts for services rendered by the agencies as well as fees, licenses, permits, fines and others.
Approved FY 2018 Budget	Consolidated Budget for Fiscal Year 2018 approved by the Puerto Rico Legislative Assembly on July 13, 2017.
ASC	Compulsory Liability Insurance, private insurance company.
ASSMCA	Administración de Servicios de Salud Mental y Contra la Adicción, or Mental Health and Addiction Services Administration, is an agency of the Commonwealth of Puerto Rico.
Bank Checks Paid	A report provided by the bank that is utilized to determine vendor payments.
BPPR	Banco Popular of Puerto Rico.
Budget Reserves	Non-cash reserves for budgeting purposes. Consist of a Liquidity Reserve (\$190M), OMB Reserve (\$446M), Budgetary Reserve (\$85M), Other Income Reserve (\$84M), and Emergency Fund (\$30M).
Checks in Vault	Refers to checks issued but physically kept in vault.
Collections	Collections made by the Department of the Treasury (Treasury) at collection posts and/or the Treasury revenue collection systems, such as income taxes, excise taxes, fines and others.
COFINA	Puerto Rico Sales Tax Financing Corporation.
COFINA SUT Collections	In accordance with a sales tax finance agreement between the government of Puerto Rico and COFINA, throughout FY2018 the first 5.5% (of total 10.5%) of gross SUT collections are reserved for and deposited into the COFINA bank account held at BNY Mellon until a \$753M cap has been reached on total SUT collections remitted to COFINA.
DTOP	Department of the Transportation and Public Works.
DTPR	Department of the Treasury of Puerto Rico.
ERS	Employees Retirement System means the Employees Retirement System of the Government of the Commonwealth of Puerto Rico, a statutory trust created by Act No. 447 of May 15, 1951, as amended, to provide pension and other benefits to retired employees of the Commonwealth, its public corporations and municipalities. ERS is a fiduciary fund of the Commonwealth of Puerto Rico for purposes of the Commonwealth's financial statements.
General Fund	General Fund (Operating Fund) means the Commonwealth principal operating fund; disbursements from such fund are generally approved through the Commonwealth's annual budgeting process.
DTPR Collection System	This is the software system that DTPR uses for collections.
HTA	Puerto Rico Highways and Transportation Authority, a public corporation and a component unit of the Commonwealth of Puerto Rico.
JRS	Judiciary Retirement System means the Retirement System for the Judiciary of the Commonwealth of Puerto Rico, a statutory trust created to provide pension and other benefits to retired judges of the Judiciary Branch of the Commonwealth. JRS is a fiduciary fund of the Commonwealth of Puerto Rico for purposes of the Commonwealth's financial statements.
Liquidity Plan	The FY 2013 Treasury Single Account Liquidity Plan was prepared at the beginning of the fiscal year based on the approved FY 2018 Budget, was projected monthly through June 2018, and is used as the benchmark against which results are measured. As a result of material economic and operational changes stemming from Hurricanes Irma and Maria, DTPR is in the process of developing a reforecast of TSA cash flows to year-end. Until then, the original TSA forecast will continue to serve as the measure for cash flow variances.
Net Payroll	Net payroll is equal to gross payroll less tax withholdings and other deductions.
Nutrition Assistance Program	NAP, or the Nutrition Assistance Program, also known as PAN, or Programa de Asistencia Nutricional is a federal assistance nutritional program provided by the United States Department of Agriculture (USDA) solely to Puerto Rico.
Pension PayGo	Pension PayGo: Puerto Rico pension system that is funded through a pay-as-you-go system. Retirement benefits expenses of government employers are paid by the central government and reimbursed by the employers, with such funds received by the TSA.
PRASA	Puerto Rico Aqueducts and Sewers Authority.
PREPA	Puerto Rico Electric Power Authority.
PRHA	Puerto Rico Housing Authority.
PRIFAS	Puerto Rico Integrated Financial Accounting System.
Reconciliation Adjustment	Reserve account in DTPR cash flow, related to E&Y's Expense Reconciliation Adjustment (RA) as per the Fiscal Plan certified on March 13, 2017.
Retained Revenues	Revenues conditionally assigned to certain public corporations and the collections of those revenues are through accounts referred to as "pass through" accounts. The largest of these pass-through accounts consist of (i) AACA auto insurance, (ii) AFI/RBC petroleum tax, (iii) ASC personal injury insurance, (iv) HTA toll revenues.
RHUM System	This is the software system that DTPR uses for payroll.
SIFC	State Insurance Fund Corporation.
Special Revenue Funds	Commonwealth governmental funds separate from the General Fund that are created by law, are not subject to annual appropriation and have specific uses established by their respective enabling legislation. Special Revenue Funds are funded from, among other things, revenues from federal programs, tax revenues assigned by law to public corporations and other third parties, fees and charges for services by agencies, dividends from public corporations and financing proceeds.
SSA	Social Security Administration.
TRS	Teachers Retirement System means the Puerto Rico System of Annuities and Pensions for Teachers, a statutory trust created to provide pension and other benefits to retired teachers of the Puerto Rico Department of Education and to the employees of the Teachers Retirement System. TRS is a fiduciary fund of the Commonwealth of Puerto Rico for purposes of the Commonwealth's financial statements.
TSA	Treasury Single Account, the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from governmental funds are deposited and from which most expenses are disbursed. TSA receipts include tax collections, charges for services, intergovernmental collections, the proceeds of short and long-term debt issuances and amounts held in custody by the Secretary of the Treasury for the benefit of the Commonwealth's fiduciary funds. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.

Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report, supporting schedules and Liquidity Plan to actual variance analysis.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Beginning April 2016, TSA receipts are deposited in a commercial bank account rather than the Government Development Bank for Puerto Rico ("GDB").
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"), and transferred to the TSA only after admissible disbursements (per approved Project Worksheets) have been made. These inflows to the TSA will be captured on the Federal Funds Receipts (Schedule C); outflows will be captured on the Vendor Payments (Schedule E).
- Data for TSA inflows/outflows is reported from various systems within the Department of Treasury of Puerto Rico ("DTPR"):
 - Cash Flow Actual Results - Source for the actual results is the TSA Cash Flow.
 - Schedule A - Collections - Source for collections information is the DTPR collections system.
 - Schedule B - Agency Collections - Source for the agency collections is DTPR.
 - Schedule C - Federal Fund Receipts - Source for the federal funds receipts is DTPR.
 - Schedule D - Net Payroll - Source for net payroll information is the DTPR Rhum Payroll system.
 - Schedule E - Vendor Payments - The source for vendor payments is the Bank checks paid report and a report from the DTPR PRIFAS system.
 - Schedule F - Other Legislative Appropriations - Source for the other legislative appropriations is DTPR.
 - Schedule G - Central Government - Partial Inventory of Known Short Term Obligations - Sources are DTPR.
 - Schedule H - Budget Allocation of the Reconciliation Adjustment for the Central Government Loan to PREPA - Source is the Office of Management and Budget
- Data limitations and commentary:

The government has focused on the seven schedules above for which access to reliable, timely, and detailed data is available to support these items. The government continues to work with DTPR and other parties to access additional reliable data that would help us provide detail in the future for other line items in the Cash Flow.

FY 2018 TSA Forecast Key Assumptions

- *The FY 2018 Treasury Single Account cash flow forecast Liquidity Plan was prepared at the beginning of the fiscal year based on the approved FY 2018 Budget, was projected monthly through June 2018, and is used as the benchmark against which weekly results and variances are measured. As a result of material economic and operational changes stemming from Hurricanes Irma and Maria, DTPR is in the process of developing a reforecast of TSA cash flows to year-end. Until then, the original TSA forecast will continue to serve as the measure for weekly cash flow variances.*
- *Forecast collections and disbursements through the General Fund and Federal Fund are consistent with the approved FY 2018 Budget, with the exception of payroll outlays which were forecast based on run-rate cash disbursement trends, and budget reserves which are non-cash and do not impact the TSA direct cash flows.*
- *TSA General Fund inflows are "gross" (i.e. include accrued Tax Refunds in 2018) and therefore higher than presented in the approved FY 2018 Budget, which considers General Fund revenues net of current year tax refunds. Repayment of deferred tax refunds (from CY 2016 and prior) total \$292mm; reserve for current year tax refunds (excluding garnishments) total \$456mm.*
- *Payroll outlays are based on FY 2017 run-rate disbursements, less savings measures, representing a \$298mm favorable adjustment to the approved FY 2018 Budget for the full fiscal year. Payroll is presented inclusive of segregated employee contributions (\$349M for the year). Payroll is disbursed through the TSA on a bi-weekly basis, approximately on the 15th and 30th of each month.*
- *Pensions reflect the implementation of the pay-as-you-go model in FY 2018. Retirement system inflows represent deposits from municipalities and corporations net of administrative expenses. Figures also include ERS / TRS / JRS asset sales (\$390M), which occurred in July 2017.*
- *The Liquidity Plan assumes collections and outlays of Federal Funds are equal in FY 2018 (zero net cash impact), excluding potential timing impact.*
- *Clawback funds set aside prior to June 2016 (approx. \$146mm held at BPPR accounts and \$144mm held at GDB) are considered restricted cash and therefore excluded from the projected cash balance.*
- *The Liquidity Plan assumes \$592mm of Reconciliation Adjustment as per the approved FY 2018 Budget and March 13 certified Fiscal Plan, which is projected separately from supplier payments and distributed evenly over 12 months. No further provision has been made for potential contingent liabilities against the government.*
- *The Liquidity Plan assumes that beginning November 2017, COFINA SUT collections flow to the General Fund and are available to the TSA for operational purposes, totaling approx. \$316mm in incremental collections in the forecast. However, these funds flowed to the COFINA bank account (BNY Mellon), which created a permanent variance of -\$316mm against the Liquidity Plan.*

Executive Summary - TSA Cash Flow Actual Results for the Week Ended May, 4 2018

Key Figures as of 05/4/2018				
\$2.65bn	(\$75M)	\$83M	\$852M	\$211M
Bank Cash Position	Weekly Cash Flow	Weekly Variance ^(a)	YTD Net Cash Flow	YTD Net Cash Flow Variance ^(a)

Weekly Cash Flow Variance \$83M:

Weekly variance mainly due to: (1) -\$34M in Tax Refunds (temporary), (2) +\$44M variance in ASES pass-through appropriation outflows (temporary), (3) +\$46M of Sales & Use Tax Receipts (temporary), and (4) +\$49M in Reconciliation Adjustment Outflows (temporary). All other line items have a total weekly variance of +\$22M.

YTD Net Cash Flow Variance \$211M:

Weekly Cash Flow variance (above) increased the YTD Net Cash Flow variance to +\$211M from +\$127M. The primary drivers of the +\$211M YTD variance are Sales & Use Tax Collections (-\$367M, mostly permanent), Federal Fund Receipts (-\$132M, temporary), General Collections (-\$153M, mostly permanent), and Net PREPA Loan Outflows (-\$151M, temporary), partially offset by Reconciliation Adjustment Outflows (+\$493M, temporary) and Vendor Disbursements (+\$580M, partially temporary). All other line items total YTD variance amounted to -\$60M.

Key Takeaways - TSA Cash Flow Actual Results for the Week Ended May 4, 2018

Key Figures as of 05/4/2018				
\$2.65B	\$575M	\$16M	\$105M	\$2.65B
Bank Cash Position	Weekly Cash Flow	Weekly Variance (1)	YTD Net Cash Flow	YTD Net Cash Flow Variance

Notable Variances (1) for the week ended May 4, 2018:

-\$34M	Outflow - Tax Refunds	(Temporary) Offsets previous YTD variance, and tax refunds disbursed largely corresponded with calendar year 2017 tax returns.
+\$44M	Outflow - ASES Appropriation	(Temporary) Variance is due to the timing of federal funds received for the Medicaid Program and the subsequent pass-through appropriation to ASES. As documented below in the "Key Cash Flow Opportunities" section of this page, the Bipartisan Budget Act of 2018 provided for additional federal Medicaid funding that was not considered in the original Liquidity Plan, and represents partially offsetting variances that are permanent in nature. Total appropriations to ASES for the rest of the year will be funded solely by federal funds, contrary to the Liquidity Plan's assumption that federal funds would cease after March, and that the General Fund and other Commonwealth funds would cover ASES appropriations for the remainder of the year. Consequently, General Fund appropriations from the TSA have ceased from March 9 through fiscal year-end.
+\$46M	Inflow - Sales & Use Tax	(Temporary) Variance due to intra-month timing of the receipts of Sales & Use Taxes and will be offset in subsequent weeks.
+\$49M	Outflow - Reconciliation Adj.	(Temporary) Variance has been deferred to later this fiscal year.
-\$22M	All Other Inflows & Outflows	Includes Other Legislative Appropriations (-\$18M), Federal Fund Receipts (-\$15M), General Collections (-\$13M), partially offset by Other Payroll Related Costs (+\$17M) and others (+\$7M).

Notable YTD variances (1) as of May 4, 2018:

-\$367M	Inflow - Sales & Use Tax	(Mostly Permanent) YTD permanent variance is driven by: (1) Liquidity Plan assumed \$316M of COFINA funds would flow to the General Fund but instead, the funds were deposited in the COFINA account; (2) lower than anticipated collections due to lost revenues from Hurricane Maria's impact on economic activity; (3) temporary sales tax exemption on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 1/2/31, respectively). Additionally, various other competing drivers have influenced gross SUT month to month, including a shift in buying mix from smaller, less SUT compliant stores to larger, more SUT compliant retailers.
-\$300M	Outflow - Loans (PREPA)	(Permanent) \$300M in funds relating to a loan from the Central Government were transferred to PREPA from the TSA on February 23, 2018. Subsequently, due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, separate payments totaling \$149M YTD were made to the TSA from PREPA (see Net Inflow PREPA below). YTD variance is considered permanent variance to the FY2018 Liquidity Plan, as additional funds repaid to the TSA may subsequently be re-drawn by PREPA if necessary.
-\$153M	Inflow - General Collections	(Mostly Permanent) Principally due to the negative impacts caused by Hurricane Maria. The largest YTD collections variances are: -\$135M in Act 154 collections, -\$121M in Nonresident Withholdings, -\$114M in Individual Income tax collections, partially offset by +\$193M in Corporate Income Taxes, +\$132M in HTA Pass Through collections (Petroleum & Gas Tax collections constitutes the majority of the favorable YTD variance) and others.
-\$132M	Inflow - Federal Fund Receipts	(Temporary) As of 4/30, YTD variances in federal fund receipts are the result of: (1) Approximately -\$537M lower than projected federal reimbursements for vendor payments; (2) disaster-related federal reimbursements for vendor payments not considered in the Liquidity Plan (+\$48M offsetting variance); (3) timing of disbursements for the Nutritional Assistance Program (+\$100M offsetting variance); (4) ASES pass-through Medicaid appropriations (+\$217M offsetting variance); (5) lower federally-funded payroll disbursements as a percent of total payroll versus the Liquidity Plan (-\$50M variance); and an additional +\$113M of timing variance. Note the Bipartisan Budget Act of 2018 provided for additional Medicaid funding that was not considered in the original Liquidity Plan. As such, federal funds received after 3/31 for the Medicaid Program, and for the remainder of the year, are incremental to the amount projected to be received in the Liquidity Plan and will result in permanent positive variances.
+\$149M	Net Inflow - PREPA Loan	(Temporary) YTD variance due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, in accordance with Section 2.6(b)(ii) of the Superpriority Post-petition Revolving Credit Loan Agreement. Though additional repayments may occur, additional draw downs may also occur before fiscal year-end.
+\$493M	Outflow - Reconciliation Adj.	(Temporary) \$151M of the YTD Variance is offset by the Net Loan outstanding to PREPA (\$300M loan to PREPA less \$149M in loan repayments due to PREPA's excess revenue collections). The \$300M original loan repurposed portions of the Reconciliation Adjustment that is budgeted at the agency level. Additionally, \$80M in funding for the Department of Transportation repurposed portions of the Reconciliation Adjustment by agency (see Schedule H of this report for additional detail) to provide funding for an intensive capital improvement program, though this is not expected to result in any FY2018 cash flows. Remaining YTD variance has been deferred to later this fiscal year.
+\$580M	Outflow - Vendor Disbursements	(Partially Temporary) The largest portion (\$489M as of 3/31) of YTD variance is related to federally-reimbursable disbursements, approximately 65% of which the Liquidity Plan projected would relate to budget period 2017.
-\$60M	All Other Inflows & Outflows	Largest variances included are Retirement System Inflows (-\$86M), Agency Collections (-\$80M), outflows for the Nutritional Assistance Program (-\$98M), Pension Related Costs (+\$129M), appropriations to ASES (+\$79M) and others (-\$4M).

Key Cash Flow Risks to Liquidity Plan through June 30, 2018:

General Collections - Corporate & Individual Income Tax	Corporate and individual income tax collections for the month of April have previously been highlighted as risks to Liquidity Plan. However, based on strong April collections, these risks may not materialize. There is potential that the positive impact of FEMA spend and recovery efforts could outweigh any negative impacts associated with reduced economic activity, out-migration and deductions related to damages. Further analysis will be performed as April collections and revenue figures are finalized to understand the collection drivers and the forecast for the remainder of the year.
General Collections - Nonresident Withholdings & Act 154	Because of continued weakness in Nonresident Withholdings and Act 154 Collections, and that these revenue streams are concentrated amongst several large tax payers, there is risk that YTD variance grows larger or does not reverse throughout the remainder of FY2018.
Nonbudgeted Spend	Disaster relief related spend (which may be reimbursed) may impact working capital due to the timing of the spend / reimbursement cycle and the lag may create temporary cash variances in the TSA. From a budgetary perspective, disaster related spend and other nonbudgeted spend may be reappropriated from noncash budgetary reserves.
PRASA	PRASA may potentially require \$80M in funds to be transferred from the TSA later in 4Q to fund their ongoing liquidity needs.
Title III Spend & Municipal Recovery Fund	TSA funds may be required to cover additional non-budgeted Title III spend throughout 4Q (which may approximate -\$140M by fiscal year-end) and to set up The Municipal Recovery Fund (potentially -\$100M). From a budgetary perspective, funds may be reappropriated from noncash budgetary reserves to provide for this spend.

Key Cash Flow Opportunities to Liquidity Plan through June 30, 2018:

Bipartisan Budget Act of 2018 (Disaster Relief and Medicaid Program Funding)	The Bipartisan Budget Act of 2018 (The Act) passed by Congress on 2/9 includes provisions for additional disaster relief funding for Puerto Rico that will translate into positive cash flows against the Liquidity Plan. Additionally, The Act provides for federal funds to support Puerto Rico's public health care costs for the next two years. In the Liquidity Plan, federal fund inflows for the Medicaid program (ASES) were forecast to run out in March 2018, with the remaining \$448M required for Premiums & Claims costs at ASES to be paid out of the TSA (budgeted as Special Revenue Funds). The additional Medicaid funding package as recently passed by the US Government will positively impact the TSA ending cash balance by the previous "gap" in funding of \$448M.
Petroleum & Gas Taxes	Strong Petroleum & Gas tax collections continued throughout Q3 and may continue throughout Q4, providing additional positive variance in collections. YTD collections variance for this revenue stream is +\$132M, largely driven by unplanned increases in demand for oil to run power generators. YTD variance has partially offset other revenues that were negatively affected due to the Hurricanes.

This week's collections variance was mainly driven by -\$13M difference in Individual Income Taxes which may be due to timing.
2	B	(72,312)	10,638	18,180	(7,542)	387,310	467,194	(79,884)				2	YTD variance mainly due to -\$34M lower in Department of Health collections and -\$35M lower in Treasury collections, with the remaining variance spread across 40+ other agencies. The majority of YTD variance (-\$62M) is due to collections shortfall in September and October following Hurricane Maria, and may be permanent in nature.
3		(413,151)	54,415	8,005	46,410	1,214,700	1,581,441	(366,741)				3	Variance due to intra-month timing of the receipts of Sales & Use Taxes, and the results of this week will be assessed in conjunction with subsequent weeks in May. YTD variance is mostly permanent, due to -\$315M in COFINA SUT collections flowing to the COFINA bank account that were not considered in the Liquidity Plan, lost revenues from Hurricane Maria's impact on economic activity, and temporary sales tax exemptions on prepared foods and items sold by small and medium merchants (exemptions expired on 1/7 and 1/2/21, respectively).

Retirement System Inflows													
8		(85,913)	-	-	-	236,113	322,026	(85,913)				5	YTD variance is assumed to be permanent, and the trend of higher collections in this revenue stream is expected to continue. Additional amounts will be received in May and June that are estimated to exceed Liquidity Plan as strong Rum Tax collections are a result of (1) higher than projected volume of exports; and (2) increase of Rum Tax per unit to \$13.25 per proof gallon from \$10.50 per proof gallon, effective as of January 2018.
9		-	-	-	-	300,480	300,480	-				6	Q3 Lottery collection forecast for 3/30 is yet to be received, projected to be received in May.
10		(\$85,913)	-	-	-	\$626,593	\$712,506	(\$85,913)				8	YTD variance due to not yet receiving PayGo payments from PRASA and other public corporations & municipalities.

Note the Bipartisan Budget Act of 2018 provided for additional Medicaid funding that was not considered in the original Liquidity Plan. As such, federal funds received after 3/31 for the Medicaid Program, and for the remainder of the year, are incremental to the amount projected to be received in the Liquidity Plan and will result in permanent positive variances.
12		70,049	3,279	3,352	(673)	342,218	272,842	69,376				12	YTD variance mainly due to +\$33M higher in Petroleum Import Tax collections and +\$15M in a one-time transfer from the Puerto Rico Tourism Company, with remaining variance due to higher non-recurring inflows across various programs and agencies, all of which are assumed to be permanent variances against the Liquidity Plan.
13		3,913	274	-	274	4,193	-	4,193				14	YTD variance is offset by GDB Transactions (relates to legacy debt service deposit agreement) variance in line 36.
14		(28,766)	-	-	-	-	28,766	(28,766)				19	Variance due to the timing of various payments to financial service providers on behalf of public employees and for insurance providers.
15		149,064	-	-	-	149,064	-	149,064				20	The Puerto Rico Police Department disburses its own payroll & related benefits, and outflows for Police Payroll relate to requested payroll advances to the central government (TSA). -\$5M of the weekly & -\$44M of the YTD variance are offset by +\$5M of the weekly & +\$44M of the YTD variance in line 23, as distributions to the Police Department for payment of employer contributions to their retirement system is included in the line 23 YTD forecast.
16		\$77,664	\$60,403	\$75,933	(\$15,530)	\$5,019,635	\$4,357,561	\$662,133				22	The majority of YTD Pension Benefits variance is assumed to be permanent, as +\$42M variance was realized in December due to forecast increase in Pension Benefits disbursed for Christmas Bonuses which did not occur.
17		(\$661,047)	\$214,765	\$204,865	\$9,900	\$14,574,089	\$15,225,236	(\$651,147)				23	Variances in this line item are permanent and this line item is not expected to be utilized this fiscal year. +\$5M of the weekly and +\$44M of the YTD variance offsets -\$5M of the weekly and -\$44M of the YTD variance in line 20, as distributions to the Police Department for payment of employer contributions to their retirement system was included in the line 23 forecast but are disbursed through line 20. Remaining YTD variance is offset by a reduction in Contributions From Pension Systems in line 8.

Footnotes:

(a) Includes reserve for tax returns (\$456 million) and Special Revenue Fund portion of posted collections.

(b) Paygo charges to municipalities and public corporations collected at the TSA.

(c) As of the date of this report, includes \$48M in federal fund account balances transferred to the TSA that relate to disaster relief.

(d) Inflows related to the Department of Health, Department of Labor and Human Resources, the Commissioner of Financial Institutions, and others.

(e) Payroll is paid bi-weekly on the 15th and 30th (or last day of the month, whichever comes sooner).

(f) Related to employee withholdings, social security, insurance, and other deductions.

(g) Police payroll is reflected individually because it is paid through a separate bank account. Also, the police payroll line item shown in the TSA cash flow is gross (i.e. inclusive of Other Payroll Related Items).

(h) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.

(i) This refers to General Fund appropriations to non-TSA entities such as Legislative Assembly, Correctional Health, Comprehensive Cancer Center, and others.

(j) Excludes Banco Popular of Puerto Rico Account with balance of approximately \$149mm. Amounts deposited in GDB subject to GDB restructuring.

(k) Unless otherwise stated, variances are either not material in nature or are expected to reverse in the short term.

(l) Section 2.6(b)(ii) of the Superiority Post-petition Revolving Credit Loan Agreement (The Agreement) specifies that upon PREPA's receipt of any revenues in excess of amounts necessary to (i) pay budgeted expenses for ineligible Uses provided for in the Budget (inclusive of the Ineligible Uses Variance) and other allowable expenses for Ineligible Uses, or any FEMA reimbursable expense for contracts that have been obligated by FEMA and approved by the Oversight Board and (ii) maintain a maximum cash balance of up to \$300M PREPA shall apply such Revenues to the repayment of the outstanding Revolving Credit Loans. The criteria that result in any aforementioned repayment may be triggered due to the seasonality of PREPA operations. Depending on the timing of PREPA receipts and disbursements, additional repayments may occur over the next several weeks, though additional draw downs may also occur before fiscal year-end.

Footnotes:

(a) The numbers presented represent a bottom-up build of invoices at the government agency level, which should not be considered to be indicative of total Accounts Payable for the central government. This is due to issues surrounding invoice entry that has hindered the timely cadence of recording invoices, which was made worse by the impact of the Hurricanes.

(b) Refers to checks issued but kept in vault. Due to control processes implemented this fiscal year, it is uncommon for there to be a material checks in vault balance, as now the Department of Treasury has greater control over the approval and authorization of checks before they are issued. Data is sourced from Puerto Rico Department of Treasury.

(c) Refers to invoices/vouchers approved for payment by the agencies but checks not released. Data is sourced from Puerto Rico Department of Treasury. Recorded invoice data was unavailable for the weeks ended 5/4 and 4/27 and as such the data Recorded Invoice data is updated as of 4/20.

(d) Represents additional invoices identified outside of DTPR main system for the 19 agencies below. Data is sourced from BDO.

- Police Department
- Department of Education
- Department of Justice
- Department of Correction and Rehabilitation
- Department of Transportation and Public Works
- Mental Health and Drug Addiction Services Administration
- Socio Economic Development Administration
- Administration for Children and Families

- Department of Health
- Department of Housing
- Department of Labor
- Department of Sports and Recreation
- Department of Natural Resources
- Administration for the Care and Development of Children
- Puerto Rico Fire Department
- Department of Family
- Department of Treasury

(e) Pre-recorded AP is related to other agencies out of scope for BDO that independently enter invoices into a Live AP module prior to invoice payment approval. The data is sourced from the agencies themselves, compiled by BDO, and validated to ensure there is no overlap with other AP categories.

Footnotes:

(a) Following a Federal Court Ruling on February 19, 2018 that approved a loan request in the amount of \$300M to PREPA from the TSA (funds transferred to PREPA on 2/23), \$300M was repurposed from the Reconciliation Adjustment budgeted at the agency level, and use of approved budgeted amounts for the Reconciliation Adjustment from among 14 agencies provided the funding for this loan to PREPA. Refer to the above schedule for the detailed budget allocation by agency. Subsequently, due to excess revenues collected by PREPA that were applied to the repayment of outstanding Revolving Credit Loans, separate payments totaling \$149M YTD were made to the TSA from PREPA (see Net Inflow PREPA on page 7 of this report). However, the total \$300M reappropriated amount is considered permanent variance to the FY2018 Liquidity Plan, as additional funds repaid to the TSA may subsequently be re-drawn by PREPA if necessary.

(b) The Transportation and Public Works Department (DTOP) requested and was granted authorization to transfer \$80M from the Reconciliation Adjustment (General Fund accounts 111, 141), to its capital improvement program (concept 081), to execute an intensive initiative commencing May 26th, 2018. Though the project will commence in FY2018, there are not expected to be any actual cash outlays until the next fiscal year.

(c) The Office of Management and Budget (OMB) requested and was granted authorization to reappropriate \$11M from the Reconciliation Adjustment for the purpose of acquiring Microsoft Grant Management Solutions (GMS). The implementation of GMS will permit the OMB, and up to five other government agencies, to monitor, access, and manage allocation programs of federal funds.
